# *BUG HUNTER*

## INTRODUCTION:

Cyber Srishti brings you to the event for the coding enthusiasts where you will have to spill your brains out and find the bugs in the given code to make it run.

## EVENT SPECIFICATION:

Event will consist of 2 rounds:

**First round:**

Participants will be given a basic (2d) game project with some bugs in it and a proper build (exe file) of the same game having everything fixed.
They have to find and fix the bugs present in the game project, to make it a complete game similar to the one whose build is provided to them.
Event timing: 11pm - 1pm
Event duration: 2 hrs

**Second round:**
This round is a Hackathon. Team will be developing a mini game consisting of a single level based on the themes and features provided.
Event timing: 2pm - 6pm.
Event duration: 4 hrs.

## RULES:

1. Team that will fix most of the bugs in least time, will be the winner.
2. They would be expected to implement some stated features in the game that they would be developing during the event.

## TEAM SPECIFICATIONS:

Team size: 1-2

## JUDGING CRITERIA:

To be disclosed at the time of event.

## ELIGIBILITY:

All students with a valid identity card of respective educational institutes are eligible to participate.
